

Certification of Energy Efficient Windows
Diamond
WINDOWS & DOORS MFG.

This Certificate is to confirm that windows fabricated through Diamond Windows & Doors qualify as Energy Star® certified windows under the most current revisions for the Northern region. Certain windows fabricated by Diamond Windows & Doors may also be eligible for a tax credit as defined by Section 1121 in the American Recovery and Reinvestment Act of 2009.

Diamond Windows & Doors MFG Inc. is headquartered at 99 East Cottage Street, Boston, MA 02125. Diamond Windows fabricates its vinyl windows with a standard glass package that consists of double paned insulated glass with one Low-E surface. All windows manufactured with our standard glass package as well as with any triple-pane option with at least one Low-E surface regardless of inert gas fill (air, argon, or krypton) are certified to meet or exceed Energy Star® program requirements.

In accordance with the American Recovery and Reinvestment Act of 2009, and to certify the Diamond window products for purposes of tax credits available under Section 25C of the Internal Revenue Code, Diamond Windows & Doors MFG represents that the following window products, when purchased with the standard glass package in addition with an argon or krypton gas fill or any triple pane glass package, qualify as “Energy Efficiency Improvements” and are thereby eligible for the federal income tax credit allowed under Section 25C of the IRC. The item code listed with the model numbers on the certificate are as designated on the NFRC website at www.NFRC.org.

DIA-M-5	2100 Double Hung	DIA-M-13	6100 Double Hung
DIA-M-23	2300 Horizontal Slider Window	DIA-M-14	6200 Picture Window
